Get $0 at-home COVID-19 tests at CVS Pharmacy®

Starting February 17, 2022, you will be able to use your prescription benefit plan information to get $0 at-home, over-the-counter (OTC) COVID-19 tests at **CVS.com**, through the CVS app or at the pharmacy counter.* This means you no longer need to pay out-of-pocket, submit a copy of your receipt or wait for reimbursement.

There are two convenient ways to get your $0 at-home tests:

Order online at CVS.com or use the CVS Pharmacy app

Visit the pharmacy counter at CVS Pharmacy

Order online. Pick up in store.

First get your insurance card, you'll need some information from it	Go to **CVS.com** or use your **CVS Pharmacy app** and select "*At-home COVID-19 tests*"	Enter your zip code and find the closest CVS Pharmacy with available tests	Select "*OTC tests*" and follow the instructions to enter the appropriate information from your insurance card

Once your order is ready, you'll get an email or text. Then go to the CVS Pharmacy location you ordered from and see any cashier at the front of the store** and provide your name and confirmation code to pick it up.

If you have any questions, visit CVS.com or ask your pharmacist.

At-home, over-the-counter COVID-19 tests may be available at other pharmacies in your plan's pharmacy network. Please contact your plan administrator for more information.

Please note, online ordering is for members with employer-sponsored medical coverage.

* Does not include CVS pharmacies located in Target or Schnucks.

** Tests are not available in the drive-through. Orders not picked up within 72 hours will be cancelled.
